SecurityScorecard

Know your organization's cyberhealth with SecurityScorecard Ratings

As a Great American policy holder, you have access to SecurityScorecard—a loss control tool to help you improve your security posture. It's a non-intrusive search on the internet for signals like open ports, malware infections and out-of-date software. This generates a score and identifies risk and opportunities for improvement. When you understand your risks, you can improve your security health and have a clear path to resolve any issues.

How do I request a SecurityScorecard Report?

To receive your scorecard, send a request to **smallbusiness@abais.com**. A SecurityScorecard Report is typically issued within 24 hours.
